

VOTING PROCEDURES*Eligibility to Vote*

A person shall be entitled to vote in any school district election and in all matters placed upon the official ballot, if such person is:

1. a citizen of the United States;
2. at least 18 years of age;
3. a resident within the school district for a period of 30 days next preceding the election at which such person desires to vote;
4. qualified to register or is registered to vote in accord with section 5-106 of the Election Law which excludes:
 - a) those convicted felons who have not been pardoned or had their rights of citizenship restored, those whose maximum sentence of imprisonment has not expired; and/or those who have not been discharged from parole;
 - b) persons adjudged mentally incompetent by a court; and
5. Native Americans residing on the Cattaraugus Indian Reservation and meeting all of the above qualifications [except those who are parents or guardians of students attending elementary or secondary school in another district] are eligible to vote. Pursuant to Education Law 2012.

Challenges to voters believed unqualified to vote may be undertaken pursuant to Education Law provisions. Each annual or special election or meeting shall have a presiding chairman appointed by the Board. Such chairman shall have the responsibility of properly handling any challenges to the qualification of any voter.

Voting

Voting machines shall be used for recording the votes on all elections, budget votes, and votes on special propositions. The only exception to the use of voting machines shall be an emergency situation whereby the machines are unavailable due to a mechanical failure or state or local law prohibiting their use. If this should arise, paper ballots will be used.

Each voting machine shall have at least two election inspectors appointed by the Board in attendance during all voting hours. It shall be the duty of the District Clerk and assistant clerk or clerks to:

1. keep a poll list containing the name and legal residence of each person before such person is permitted to vote.
2. examine the voting machines and ensure that all the counters are set at zero;
3. ensure that ballot labels are properly placed;
4. ensure that machine is in all respects in proper condition for use;
5. allow no one except the person employed by the school district to make adjustments to the machines during the period of voting; and

6. verify the vote count showing on the machines at the end of the voting period.

Entering a voting machine with another person is prohibited, except upon request from a voter, in which case an election inspector shall be allowed to enter the voting machine with that voter for the sole purpose of assisting that person in the actual manipulation of the voting machine. The election inspector shall not advise or induce such voter to vote on any proposition or candidate, and the election inspector shall never reveal the vote(s) recorded by the voter to any other person at any time.

Write-in ballot slots are required. Ballots containing the names of nominated candidates will be provided by the Board. There will be as many write-in slots as there are vacancies at the time of election.

Paper Ballots

Upon mechanical failure of any voting machine, voting shall continue with the use of paper ballots. On a paper ballot, one blank space will be provided under the name of the last candidate for each office so that voters may vote for candidates who have not been nominated for the offices to be filled at the election.

The writing in, with a pen of a name in the blank space so provided, will sufficiently indicate a vote. The district cannot require a voter to place any other mark beside the name of a write-in candidate.

Absentee Ballots

The Board provides for the use of absentee ballots for voting. Such ballots shall be available for the election of members of the Board of Education, the adoption of the school district budget, and on questions and propositions submitted to the voters of the district. The application must be received by the District Clerk at least seven days prior to the election, if the ballot is to be mailed to the voter; or the application must be received by the day before the election, if the ballot is to be personally delivered. The application must be completed and returned with the ballot, and the individual must verify therein that he/she meets all voting requirements, and explain the reason for his/her inability to appear in person to vote.

In particular, the individual must explain that he/she will be unable to appear to vote in person on the day of the school district election because:

1. he/she will be a patient in a hospital, or unable to appear personally at the polling place on such day because of illness or physical disability;
2. his/her duties, occupation, business, or studies will require him/her to be outside of the county or city of his/her residence on such day;
3. he/she will be on vacation outside the county or city of his/her residence on such day; or
4. he/she will be detained in jail awaiting action by a grand jury; awaiting trial; or is confined in prison after conviction for an offense other than a felony.

The district shall request registration lists from the Board of Elections for those voters whose registration record has been marked Apermanently disabled and shall automatically mail absentee ballots to such voters in advance of each district vote or election.
